

Recommended for private pools up to 40 ft. in length.

Maytronics Dolphin dx 5 is the world's most advanced residential pool robot!

Dolphin dx 5 is the perfect robot pool cleaner for any residential pool.

Dolphin dx 5 adapts perfectly to your pool, with a remote control and joystick to help you choose a fitting cleaning program, from waterline or wall climbing to lap pool cleaning or ultra clean. The user-friendly remote control also makes it easy to set the cycle time and to maneuver the robot into hard-to-reach corners.

Dolphin dx 5 offers a patented cable swivel and a ruggedized framework for duration and safety. Earning the title of top-of-the-line, Dolphin dx 5 truly redefines intelligence in pool cleaning technology.

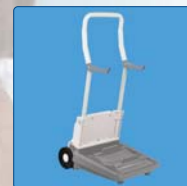

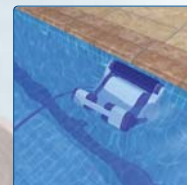

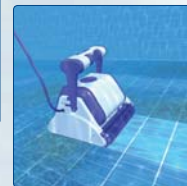

Dolphin dx 5 Advantages:

- Scrubs, brushes, vacuums, filters - prevents accumulation of algae and germs.
- Large self contained inner filter bag, collects dirt, debris and even dust particles.
- State-of-the-art most advanced self-learning scanning program, optimizing pool coverage.
- Wireless remote control offers a choice of automatic or manual (joystick) command, the remote control provides a selection of multiple cleaning programs and parameters: cycle time, pool length, climbing frequency, regular or ultra clean, lap pool, water line.
- Patented swivel prevents cable tangling.
- Advanced dual motor maneuverability for perfect and precise performance.
- Low voltage - Low energy consumption.
- Equipped with Caddy for handling and storage.

Dolphin dx 5 Specifications:

Cycle time	2, 3, 4 hours
Cable length	67 ft.
Filter bag porosity	50 micron
Suction rate	4,233 gal per hour
Motor unit voltage	24 VDC
Power supply	IP 54
	Input 115 VDC
	Output Less than 30 VDC
